EQUIP parts four and five

The heart of EQUIP is reflecting on a few simple truths and allowing them to deeply impact and shape our lives.

In the first section, we thought about one simple truth - What is the gospel? From creation through fall and redemption to new creation, this is the story of our world.

In the second section of EQUIP, we thought about what it means to be a Christian, to receive salvation - as we looked at Romans 1-4.

Thirdly, we considered what it means to be the church, how the church is built and the role we have to play in it.

Now we come to the final part of EQUIP. In this final section we are asking two questions: 'What is the Bible?' and then 'What does it look like in my life to live for Jesus?'

Just like our first questions, these seem very simple. Yet we are going to see that the answers are deep and life-transforming.

Our EQUIP year will end with two very special events that we want you to start preparing for now. In our final small group session, we are going to be sharing our life goals with one another and committing to help one another live them out.

Then, the very last session of EQUIP will see us come together as one group for a commissioning - we will share our life goals with one another and commission one another for the year ahead. I know this is going to be a very special evening - please do highlight it in your diary now - it will be very significant.

These final steps in the journey of self-discovery could be exciting ones for each of us. Why not ask God to use these last EQUIP terms to deeply equip us for lives of discipleship?

Jesus said, "If you hold to my teaching, you are really my disciples. Then you will know the truth, and the truth will set you free."
